## Brainerd Dispatch.

INGERSOLL & WILKAND, Publishers.

BRainerd, MINN.

The Post Dispatch is authority for the statement that not more than two dozen sports will attend the Mitchell-Corbett fight. The stringency is playing havoc with every industry.

For 30 years, it is claimed, a mountain ash tree has been growing from a narrow ledge of sandstone on the steep slope of the Unitarian Church at Utica, N. Y. The tree is about 15 feet tall.

A farmer at Carthage, Mo., has a big female wolf for a watchdog. She has at present a litter of nine little wolves, and is a treasure as a boxer when disturbed at night.

Snakes are more numerous along the Mississippi and Wisconsin river bottoms than ever before and many large rattlers have been killed. They are driven from the highlands by the dry weather.

A new enemy to the potato bug has been found in several counties in New York. It is about twice as long as the potato beetle, but has a thinner body. It stings the potato beetle larvae and soon destroys their life.

The rioters at Rome on Sunday were clamoring for bread, but hundreds of those sported revolvers and daggers. If they had spent their money for food instead of for deadly weapons, they probably would have had no cause for rioting.

A club is sometimes needed in legislative bodies to teach the members their duty. The grace of the sergeant-at-arms has done good service in the house of representatives during the past few days. It was more effective by far than the party whip.

The threatened war between Nicaragua and Honduras will probably be a short one. There are only a few thousand men in each of the contending armies, and with modern facilities for life-taking these can last but a short time.

R. Van Schutzbach, a German gentleman of distinction as a hunter, is in San Francisco, having recently arrived from the mountains of Colorado and Wyoming, where he has been hunting elk with much success. He says that he has never seen that sport than hunting the Rocky Mountain elk.

Do France, the man who held up a mail carrier at Gordon, Neb., and relieved him of the sum of 1 cent, has been sentenced to the penitentiary for life. The crime of tampering with the U. S. mail is a grave one, but life imprisonment is rather steep in his case.

The Oxford University Press has produced a Bible printed from the type called brilliant, which is the smallest size used in English printing. It contains 1,216 pages, with maps, and measures 3 1/2 by 2 1/8 inches, and is five-eighths of an inch thick. Bound in half Morocco it weighs not quite three ounces.

F. M. Mackwood, one of the largest tea growers of Ceylon, and for thirty years resident of that island, is in San Francisco. He has filled many important offices in Ceylon, having been in the legislative council, and up to the time of his departure, chairman of the chamber of commerce.

Some fellow, ambitious to shine as a practical joker, inserted an advertisement in a Chicago newspaper offering employment to a number of laborers. Eight hundred applied on the morning of the day on which the advertisement appeared, only to find that they had been cruelly fooled.

Roscoe Howard of San Diego, Cal., has presented to the Smithsonian Institution a white raven from Colorado, where it was captured in the Andes, and said to be the first one of the species ever brought to this country. It is a magnificent looking bird, and, although only six months old, weighs nearly fifty pounds, and is about 3 feet 6 inches in height.

John Walters, who lives near Catonsville, Md., is 82 years old, and, notwithstanding his advanced age, he takes great pleasure in gaming. Recently he walked about twelve miles in pursuit of game, and in the afternoon walked to Catonsville and return, a distance of sixteen miles, in one day.

President Wilson, of the School of Biology of the University of Pennsylvania, in accepting a check for \$10,000, which the Argentine Republic displayed at the world's fair, said that the approaching exhaustion of our energy and other goods would compel the United States to import these fine grades of wool from the Argentine republic and other South American countries.

At a recent sale of Dickens' relics in London the dog that followed the novelist carried in his tour of the United States was disposed of for ten guineas (\$60). Three of his celebrated dogs (Lionel) brought \$4 guineas. The prices for other articles were likewise extremely high, and this is taken to mean that there is no diminution in the novelist's popularity.

The journeys of the Empress of Germany cost him a great deal of money. According to an article recently published in a German paper, over \$100,000 marks, or \$200,000, were spent on the trip to Italy and Austria undertaken soon after he ascended the throne. A heavy trunk, in charge of a private coachman on that occasion, contained 80 diamond rings, 150 diamonds, many of them jeweled; 50 scarfs, 30 neckties, with diamond pendants; 6 handkerchiefs, 3 watches, 30 photographs of the empress and her family, framed in gold; 30 gold watches and 100 gold cigarette holders, with diamond ornaments. The empress pays his own expenses when traveling on German railways.

No Quions.—Well, I shall look forward to meeting her in heaven. Sympathizer—Is that so? Are you sure?

Rejected Suitor—Yes, she is a very good girl.

Every-Day Items.

Newsy—Extra! Extra! Extra! Turn back to the first page. You'll find it killed.

Citizen—Here, boy, quick! Give me a corner. What game was it?—Street & Market.

Death of Mrs. Carlton.  
News was received here yesterday by wire of the death of Mrs. L. C. Carlton, of Duluth, of blood poisoning. The remains will be brought to this city tonight and the funeral will occur on Sunday afternoon at 2:30 o'clock from the Baptist church. Alexander Was Discharged.  
As stated in last week's Dispatch G. W. Alexander was brought before Judge Chipfield on Monday for examination on the charge of abduction. The county attorney moved to have the case dismissed, as he was unable to produce sufficient evidence to hold the prisoner to the grand jury, and Judge Chipfield ordered the prisoner discharged. The many ugly rumors floating in regard to Mr. Alexander have tended to make the atmosphere rather warm in certain localities since this matter came before the public, and his success in getting out of the clutches of the law in this case doesn't seem to have cooled the ardor of a majority of the people under whose notice it has come.

The Dispatch was incorrect last week in stating that the charge against him was seduction instead of abduction.

A Saw Mill Burned.  
An item of news which we believe has heretofore escaped newspaper publication was the destruction by fire of Joel Smith's saw mill in the town of Maple Grove on Saturday night, the 6th inst. How the fire originated no one knows. The mill was in full operation and closed down for the night at 6 o'clock Saturday evening, and later on in the night it was discovered to be on fire but the flames had gained such headway that nothing could be done to stay their progress. The loss is in the neighborhood of \$600 with no insurance. Mr. Smith was confined to his house at the time by illness but gave instructions to clear away the debris and begin operations on a new building and the result is that sawing will be resumed on Monday.

Public Installation.

R., and the Woman's Relief Corps, installed their officers for the ensuing year at their hall on 6th street, on Saturday evening last, in the presence of a large number of people who were present by request. The officers of both organizations as elected, and published in the Dispatch some two or three weeks ago, were installed by Junior Vice Dept. Commander, G. N. LaVague, of Duluth, and Mrs. Christina Smith, assisted by Mrs. Nora C. Field, the latter lady being past president of George N. Morgan Woman's Relief Corps, of Minneapolis. The exercises of installation were very attractively watched by the spectators. After this came a very interesting programme as follows:

"Spider and Fly"

M. B. Leavitt's sublime, "Spider and Fly," will be presented at the opera house Brainerd one night only Jan. 24th. The production this year is an entirely new one, and will be known as the Second Edition. Many novelties secured from both hemispheres have been added. The scenery, of which there is two car loads, is all brand new, also the mechanical and electric effects. The costumes, which are said to be magnificent, were made by London's famous costumier, Charles Alias. Some are an exact reproduction of the gorgeous ballet produced at the Grand Opera House, Paris, last winter. The play contains everything which tends to pass an enjoyable evening and please the senses. A grand scenic effect is immediately followed by some new and artistic specialty, then comes a song which is succeeded by a superb ballet the whole interspersed with comedy and aided by magnificent surroundings, and one thing following another so fast during the evening that eye is fairly dazzled. With such a combination of attractions it is easy to account for the tremendous success which "Spider and Fly" has created wherever it has appeared. This will not only be the 5th season but also the last. After this year the company play in London and other principal cities in Europe.

Tough on Gull River.  
The following telegram from Washington in regard to the post-office at our neighboring town of Gull River will be interesting reading to our subscribers in that place: "Congressman McCleary has been asked by a constituent of his, Samuel Lewiston, cashier of the Bank of Canby, to relieve him in some way of the post-office at Gull River, Cass county. Mr. Lewiston left Gull River nearly two years ago, resigning the office in favor of B. F. Allen who has since conducted it, although Mr. Lewiston's resignation never was accepted. J. S. Campbell was recently appointed to the office, but declined to qualify owing to the heavy bond required. Now Mr. Allen has notified Mr. Lewiston that under no circumstances will he conduct the office beyond Jan. 20. The latter can find no one else, and as a last resort asks that the office be discontinued until a postmaster can be found."

Lost His Grip.  
A Brainerd man got off a Northern Pacific train, west bound, last night, and let his lady go to their mutual destination. It was hard, but so was the apparent loss of a satchel, which some one took from the car at the station on the East side. The man's name is William R. Heron, and he had just been married. He was on his way home, accompanied by his partner for good or ill, and a large satchel containing a fine lot of silver wedding presents and his wedding suit. The bridegroom was unable to renew his grip on the satchel—and so took the train for home today. The police are still on the lookout for the thief and the goods. It is now thought that the satchel was taken by a farmer who this morning went to Spring Hill, where he resides. He probably took it by mistake. The constable at Freeport has been written to investigate.—St. Cloud Journal Press.

Cheap Rates to California.  
The Northern Pacific Railroad has put into effect a series of low round trip rates to California points. Tickets are good until April 30th, 1894, and are good for stop over under certain conditions.

These rates will enable those desiring to do so, to spend the winter in southern California, or to visit the mid-winter fair to be held at San Francisco. This latter event will undoubtedly be second only to the World's Fair just closed, and will repay a visit, as it will exhibit the resources and capabilities of California.

MRS. F. G. SUNDBERG,  
CORNER FRONT AND SIXTH STREETS.

Death of Mrs. Carlton.  
News was received here yesterday by wire of the death of Mrs. L. C. Carlton, of Duluth, of blood poisoning. While the friends of this estimable lady were aware that she was dangerously ill, the sad news received yesterday was a shock to them. The remains will be brought to this city tonight and the funeral will occur on Sunday afternoon at 2:30 o'clock from the Baptist church. The deceased was formerly Miss Belle Graham, daughter of Mr. and Mrs. A. A. Graham, of this city, and was 21 years of age at the time of her death.

Alexander Was Discharged.  
As stated in last week's Dispatch G. W. Alexander was brought before Judge Chipfield on Monday for examination on the charge of abduction. The county attorney moved to have the case dismissed, as he was unable to produce sufficient evidence to hold the prisoner to the grand jury, and Judge Chipfield ordered the prisoner discharged. The many ugly rumors floating in regard to Mr. Alexander have tended to make the atmosphere rather warm in certain localities since this matter came before the public, and his success in getting out of the clutches of the law in this case doesn't seem to have cooled the ardor of a majority of the people under whose notice it has come.

The Dispatch was incorrect last week in stating that the charge against him was seduction instead of abduction.

The City Council.  
The city council met in regular session on Monday evening. After the reading of the minutes of the previous meeting, the following report of the sinking fund commissioners was read and accepted:

Brainerd, Minn., Jan. 6, 1894.  
The sinking fund commissioners of the city of Brainerd, met at the office of the city treasurer on Jan. 6th, with W. H. Hestend, Jas. McMurtry and G. D. LaBar, commissioners, present. Received from city treasurer: Interest on fire bonds paid by the city \$175.00  
Nov. settlement Crow Wing Co. 88.82  
Int. from 1st Nat. Bank..... 1.09  
Am't on hand July 7, 1893..... 54.91  
Total am't on hand this day \$319.82  
Motion made and carried that the above amount be deposited in the First National Bank on time certificate. Adjourned.

Geo. D. LaBar, Clerk Pro Tem.  
Motion made and carried that the electric light committee in conjunction with the superintendent of electric lights form a new schedule of rates.

A petition from L. W. Burrell asking permission to erect a building veneered with corrugated iron, on lot 20, block 47, size 20x30, to be used as a blacksmith shop, was denied, but permission to build according to the ordinance was granted.

Application and bond of W. H. Gardner for liquor license was granted and bond accepted.

The committee to whom was referred the matter of inspection of buildings recommended that Fire Chief McIntosh be relieved from the duty in that respect, but that his salary remain the same as before, and that the council at such time as deemed advisable, appoint some other person as building inspector. The report was adopted.

After allowing several bills the council adjourned.

The office of J. R. Smith is the headquarters for reliable fire insurance. Room 4, Sleeper Block.

A Saw Mill Burned.  
An item of news which we believe has heretofore escaped newspaper publication was the destruction by fire of Joel Smith's saw mill in the town of Maple Grove on Saturday night, the 6th inst. How the fire originated no one knows. The mill was in full operation and closed down for the night at 6 o'clock Saturday evening, and later on in the night it was discovered to be on fire but the flames had gained such headway that nothing could be done to stay their progress. The loss is in the neighborhood of \$600 with no insurance. Mr. Smith was confined to his house at the time by illness but gave instructions to clear away the debris and begin operations on a new building and the result is that sawing will be resumed on Monday.

Public Installation.  
Pap. Thomas Post No. 30, G. A. R., and the Woman's Relief Corps, installed their officers for the ensuing year at their hall on 6th street, on Saturday evening last, in the presence of a large number of people who were present by request. The officers of both organizations as elected, and published in the Dispatch some two or three weeks ago, were installed by Junior Vice Dept. Commander, G. N. LaVague, of Duluth, and Mrs. Christina Smith, assisted by Mrs. Nora C. Field, the latter lady being past president of George N. Morgan Woman's Relief Corps, of Minneapolis. The exercises of installation were very attractively watched by the spectators. After this came a very interesting programme as follows:  
Address, H. C. Stivers. Recitation, "Distant Relative," Mrs. Nora C. Reid. Song, "The Sunflower Chorus" Misses Mamie Mitchell, Lottie Parker, Misses Mamie Merritt, Select Reading, "A Private," Geo. N. LaVague. Recitation, "Irish School Master," Mrs. Nora C. Reid. Select Reading, "How the Day Was Won," Prof. Hathaway. Song, "The Music Breakers," Misses Mitchell, Lottie Parker and Merritt. Address, Col. N. A. Gearhart, of Duluth. Recitation, "Mrs. Mulligan's Recipe for Cake," Mrs. Nora C. Reid. After this came refreshments and the company dispersed after having spent a very pleasant evening.

For some days past the residents on the north side in the vicinity of Bluff Avenue have been missing their chickens, in some instances a dozen disappearing in one night from a single house, and the police have placed the individual known as Crazy John in the lock-up as a precautionary measure. There is no direct evidence that John is the chicken thief, but he was in the poultry stealing business last fall in the same neighborhood, the police thought they would lock him up for a few days and see if the raids would continue.

BRainerd, MINN.

The Post-Dispatch is authority for the statement that not more than two dozen sports will attend the Mitchell-Corbett fight. The stringency is playing havoc with every industry.

For 20 years, it is claimed, a mountain ash tree has been growing from a narrow ledge of sandstone on the steep slope of the Unitarian Church at Utica, N. Y. The tree is about 15 feet tall.

A farmer at Carthage, Mo., has a big female wolf for a watchdog. She has at present a litter of nine little wolves, and is a treasure as a howler when disturbed at night.

Snakes are more numerous along the Mississippi and Wisconsin river bottoms than ever before and many large rattlers have been killed. They are driven from the highlands by the dry weather.

A new enemy to the potato bug has been found in several counties in New York. It is about twice as long as the potato beetle, but has a thinner body. It stings the potato beetle larvae and soon destroys their life.

Death of Mrs. Carlton.

News was received here yesterday by wire of the death of Mrs. L. C. Carlton, of Duluth, of blood poisoning. While the friends of this estimable lady were aware that she was dangerously ill, the sad news received yesterday was a shock to them. The remains will be brought to this city tonight and the funeral will occur on Sunday afternoon at 2:30 o'clock from the Baptist church. Alexander Was Discharged.

As stated in last week's DISPATCH G. W. Alexander was brought before Judge Chipierfield on Monday for examination on the charge of abduction. The county attorney moved to have the case dismissed, as he was unable to produce sufficient evidence to hold the prisoner to the grand jury, and Judge Chipierfield ordered the prisoner discharged. The many ugly rumors float in regard to Mr. Alexander have tended to make the atmosphere rather warm in certain localities since this matter came before the public, and his success in getting out of the clutches of the law in this case doesn't seem to have cooled the ardor of a majority of the people under whose notice it has come.

The DISPATCH was incorrect last week in stating that the charge against him was seduction instead of abduction.

The City Council.

The city council met in regular session on Monday evening. After the reading of the minutes of the previous meeting, the following report of the sinking fund commissioners was read and accepted:

A Saw Mill Burned.

An item of news which we believe has heretofore escaped newspaper publication was the destruction by fire of Joel Smith's saw mill in the town of Maple Grove on Saturday night, the 6th inst. How the fire originated no one knows. The mill was in full operation and closed down for the night at 6 o'clock Saturday evening, and later on in the night it was discovered to be on fire but the flames had gained such headway that nothing could be done to stay their progress. The loss is in the neighborhood of \$600 with no insurance. Mr. Smith was confined to his house at the time by illness but gave instructions to clear away the debris and begin operations on a new building and the result is that sawing will be resumed on Monday.

Public Installation.

Pap. Thomas Post No. 30, G. A. R., and the Woman's Relief Corps, installed their officers for the ensuing year at their hall on 6th street, on Saturday evening last, in the presence of a large number of people who were present by request. LaVague, of Duluth, and Mrs. Christina Smith, assisted by Mrs. Nora C. Field, the latter lady being past president of George N. Morgan Woman's Relief Corps, of Minneapolis. The exercises of installation were very attentively watched by the spectators. After this came a very interesting programme as follows:

"Spider and Fly"

M. B. Leavitt's sublime, "Spider and Fly," will be presented at the opera house Brainerd one night only Jan. 24th. The production this year is an entirely new one, and will be known as the Second Edition. Many novelties secured from both hemispheres have been added. The scenery, of which there is two car loads, is all brand new, also the mechanical and electric effects. The costumes, which are said to be magnificent, were made by London's famous costumier, Charles Alias. Some are an exact reproduction of the gorgeous ballet produced at the Grand Opera House, Paris, last winter. The play contains everything which tends to pass an enjoyable evening and please the senses. A grand scenic effect is immediately followed by some new and artistic specialty, then comes a song which is succeeded by a superb ballet the whole interspersed with comedy and aided by magnificent surroundings, and one thing following another so fast during the evening that eye is fairly dazzled. With such a combination of attractions it is easy to account for the tremendous success which the "Spider and Fly" has created wherever it has appeared. This will not only be the fifth season but also the last. After this year the company plays in London and other principal cities in Europe.

Tough on Gull River.

The following telegram from Washington in regard to the post-office at our neighboring town of Gull River will be interesting reading to our subscribers in that place: "Congressman McCleary has been asked by a constituent of his, Samuel Lewiston, cashier of the Bank of Canby, to relieve him in some way of the post-office at Gull River, Cass county. Mr. Lewiston left Gull River nearly two years ago, resigning the office in favor of B. F. Allen who has since conducted it, although Mr. Lewiston's resignation never was accepted. J. S. Campbell was recently appointed to the office, but declined to qualify owing to the heavy bond required. Now Mr. Allen has notified Mr. Lewiston that under no circumstances will he conduct the office beyond Jan. 20. The latter can find no one else, and as a last resort asks that the office be discontinued until a postmaster can be found."

Lost His Grip.

A Brainerd man got off a Northern Pacific train, west bound, last night and let his lady go to their mutual destination. It was hard, but so was the apparent loss of a satchel, which some one took from the car at the station on the East side. The man's name is William R. Heron, and he had just been married. He was on his way home, accompanied by his partner for good or ill, and a large satchel containing a fine lot of silver wedding presents and his wedding suit. The bridegroom was unable to renew his grip on the satchel, and so took the train for home today. The police are still on the lookout for the thief and the goods. It is now thought that the satchel was taken by a farmer who this morning went to Spring Hill, where he resides. He probably took it by mistake. The constable at Freeport has been written to investigate.—St. Cloud Journal Press.

Cheap Rates to California.

The Northern Pacific Railroad has put into effect a series of low round-trip rates to California points. Tickets are good until April 30th, 1894, and are good for stop over under certain conditions.

These rates will enable those desiring to do so, to spend the winter in southern California, or to visit the mid-winter fair to be held at San Francisco. This latter event will undoubtedly be second only to the World's Fair just closed, and will repay a visit, as it will exhibit the resources and capabilities of California.

St. Paul, Minneapolis and Duluth to San Francisco and return to Missouri River \$80.50, and to Los Angeles and return to Missouri river \$90.

The Minneapolis Times says: Randolph Kurtzins, a tailor from Aitkin, alighted from a train at the Union depot and proclaimed in a loud voice that the village of Aitkin had been wiped out by fire. He was so obstreperous that Officer Kelly locked him up on a charge of insanity.

The Minneapolis base ball team will have Corbett, the gentleman who pitched for Brainerd last year, as pitcher the coming season. The Minneapolis Journal says: The manager of last season's ball team at Brainerd, has written a letter enlarging Ed. P. Corbett, the young pitcher secured by Manager Barnes to pitch with the Minneapolis team next season. Parker says he regards Corbett as one of most promising young players in the country. It was through his excellent work that the Brainerd team won the championship last year. Corbett's outfield is said to be something to marvel at.

A Deserved Promotion.

The Pioneer Press says: G. S. Fernald has been appointed special counsel of the Northern Pacific, with jurisdiction over the main line and all the branches operated as a part of the Northern Pacific system. This appointment does not affect Mr. Fernald's present position as tax commissioner of the entire Northern Pacific system. Mr. Fernald has been connected with the Northern Pacific for the past ten years, and since April 1890, has filled the important position as tax commissioner.

Mr. Fernald was formerly a resident of Brainerd, and his many friends in this city and county will be pleased to learn of his promotion.

Gave Him a Chair.

On Tuesday evening friends of Milton McFadden to the number of forty assembled at his residence on Ivy street and gave him a surprise, the occasion being the anniversary of his 45th birthday. During the evening he was presented with an elegant leather chair, the presentation speech being made by Dr. G. S. McPherson, which was feelingly responded to by Mr. McFadden. Refreshments were served and the evening was very pleasantly spent.
